Graham Rice, Elizabeth Strangman : The Gardener's Guide to Growing Hellebores before purchasing it in order to gage whether or not it would be worth my time, and all praised The Gardener's Guide to Growing Hellebores:

Flowers to brighten the dark days of winter are especially valuable in the garden and none are so welcome nor so colourful as the hellebores. This concise, illustrated handbook contains detailed information on all aspects of hellebore care, providing invaluable reference for amateur gardeners and experienced growers alike. The straightforward approach to essential techniques, together with advice on tackling pests and other problems, and the directory of

recommended varieties, will ensure successful results.
