**Jos Tito Rojo : The Gardens on the Alhambra Hill: A Meditated Vision (English, German and Spanish Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Gardens on the Alhambra Hill: A Meditated Vision (English, German and Spanish Edition):

The gardens of the Alhambra Hill, is intended to be a publication that reflects the historical and aesthetic importance of the gardens of this unique monument of humanity. Since the time it was built, from the eleventh to the fifteenth centuries, the gardens have been an inseparable part of it. The authors of the text are two professors from the University of Granada, experts of the monument and its surroundings. They will lead us through a promenade of flowers, plants, trees and gardens with an informative text. Spectacular photographs made by Fernando Manso, a well known Spanish photographer, will take us to this paradise, full of senses, history and beauty that was and still is the Alhambra. Text in English, French, and Spanish.
