Mike Holmes : The Holmes Manual before purchasing it in order to gage whether or not it would be worth my time, and all praised The Holmes Manual:

7 of 7 people found the following review helpful. For best results in remodeling your house. By William Strickler This book will really get your mind turning in the right way in doing remodel projects on your house. It is written for those who care deeply about having the work done right. For example, if you want a ceramic tile floor in your kitchen, there are a lot of things to think about before you talk to a salesperson about his product. Reading this book will improve your chances of having a good outcome. 1 of 1 people found the following review helpful. ... house and this book really helped us find a great home with how informative it was By comfy girl We were in the market for our first house and this book really helped us find a great home with how informative it was. 1 of 1 people found the following review

helpful. Excellent how-to guideBy sphAn excellent how-to manual for your house. Simple repairs and ordinary maintenance anyone can do. Explained with plenty of high quality photos.

No-nonsense advice from the star of HGTVs *Holmes Makes It Right* and *Holmes Inspection* Why are my windows fogging up? What can I do about a squeaky floor? Why is my bedroom so much colder than the rest of the house? Are tankless water heaters worth the money? From top to bottom, outside to inside, Mike answers homeowners most common questions and provides solutions for everyday problems. Mike also offers trusted advice on maintenanceincluding instructions for repairs and projects that homeowners can tackle themselves. Packed with colour photographs, handy tips and sidebars, *The Holmes Manual* is a must-have guide for every homeowner.
